Handprint Goat

Supplies

- A4 paper or card
- Paint
- Shallow tray/paper plate
- Paintbrush
- Black felt tip pen
- Scissors
- PVA glue
- Cotton wool

1 First, choose a paint colour for your goat and carefully press your hand into the paint. You may want to use a paintbrush to spread the paint all over your hand. Next, carefully press your hand onto the paper. Your thumb and fingers need to be spread out! Wash and dry your hands before proceeding onto the next step.

4 Next, stick a little cotton wool onto the goat's chin for a fluffy beard!

2 Once dry, you can draw some details onto your goat! Turn the print so that the fingers are at the bottom. Use the black pen to draw a face and ears onto your goat's head – don't forget to draw some horns!

5 Now, colour the remaining four fingertip prints black, for your goat's hooves.

3 Then, stick a little cotton wool onto the end of your thumbprint for the goat's fluffy tail.

6 Finally, you may like to carefully cut around the outside of the goat, to make the shape of it stand out.
