

# Parent Guide

## How can I use this with my children?

These colouring pages are a great way for your child to send birthday wishes to friends and relatives while social distancing. Print out (on paper or card), fold, colour in and send to someone special.

## How does this help my children's learning?

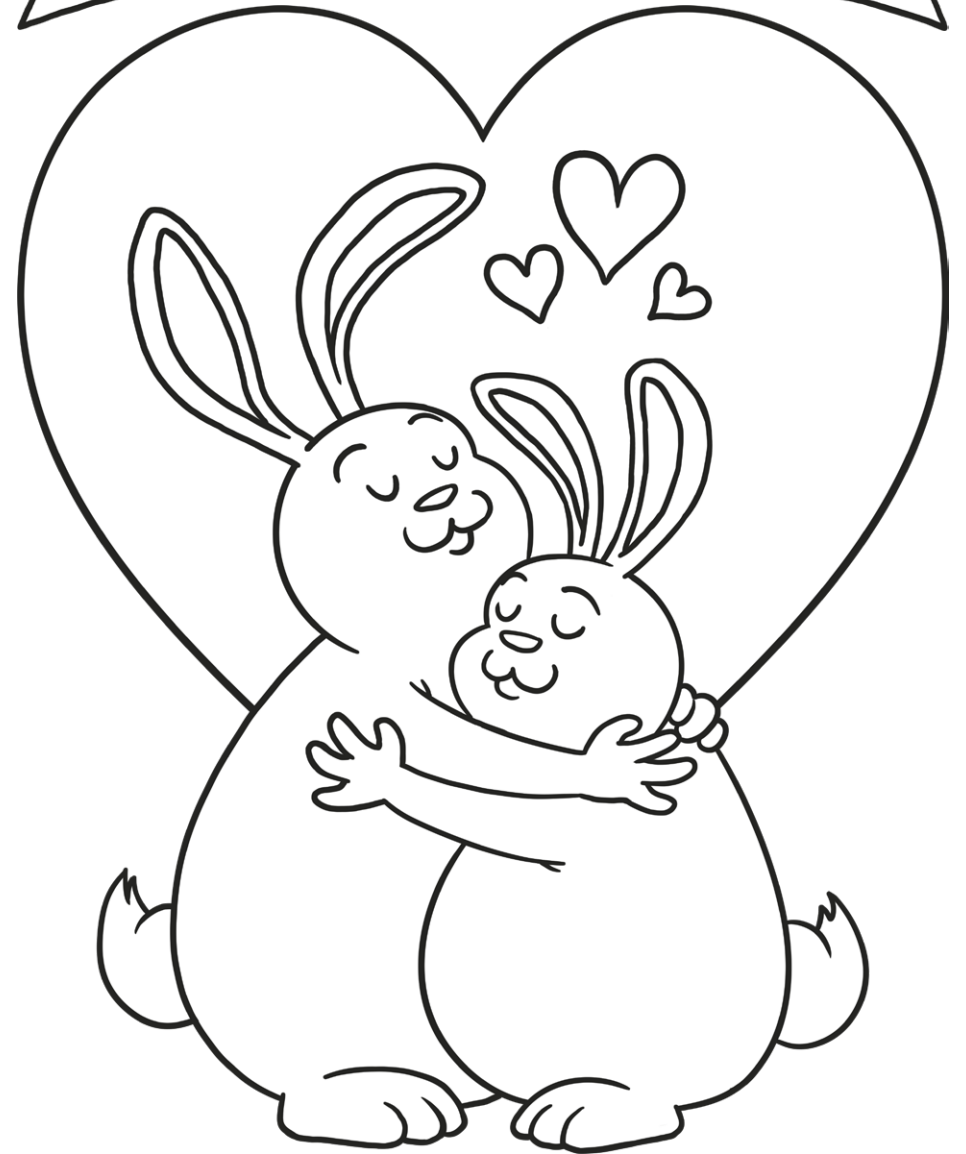

You can use this as an opportunity to speak about social distancing with your child, as well as to discuss family relationships and friendships and the importance of social groups and good citizenship.

## Ideas for further learning:

Your child can practise their handwriting and creative writing skills by planning and neatly writing a message inside the card.

Happy birthday  
from a distance!
