

# The Berkeley Academy

Laidon Avenue, Wistaston, Crewe, CW2 6RU  
Head Teacher: Louise Gohr

7<sup>th</sup> October 2024

Dear parents,

This week, in Year 2, we will be taste testing a range of ingredient combinations to help us design and make our own healthy wraps. We have been learning about different food types such as dairy and proteins so will be putting this knowledge into practise by combining a vegetable with a protein and a dairy to see which combinations we prefer. The ingredients we will be combining to taste test are lettuce, tomatoes, cucumber, carrot, ham, tuna, egg, cheese and cream cheese. All allergies have been taken into account and any children with allergies to the above ingredients will not come into contact with them and will not have these ingredients on their table. We are aware that some children may not wish to try certain things due to preferences; in which case we will give every encouragement to them to have a go but no child will be forced to eat anything.

Should you wish your child not to take part in this activity or need further clarification regarding any allergens then please speak to your child's class teacher no later than Wednesday 9<sup>th</sup> October 2024.

Many thanks

Mrs Edwards and Miss Colclough
